

TRIDERM

SHOWER FOAM pH 3.5

Washes gently and preserves skin's defences.

200 ML BOTTLE/400 ML BOTTLE

Nickel-Tested - Preservative-free - Gluten-free

Daily-use body wash with a buffered acid pH to preserve the acidic outermost protection of skin. Based on mild surfactants, makes a soft lather that gently cleanses skin and performs a re-acidifying and re-balancing action.

Recommended for

Use to shower/bathe every day. Ideal used when going to swimming pools and/or after working out, it is also recommended in case of bacterial/fungal superinfections.

How to use

Rub onto wet skin, then rinse.

Includes

Gentle cleansing agents: lowly delipidising and with high tolerability, rebalance skin flora.

Rice proteins: protect skin, improve skin compatibility.

Conditioning agent: a film-forming ingredient that provides protection.

Lactic acid buffer: maintains the pH at 3.5 even when the product is diluted with water.

INCI list

aqua (water), sodium myreth sulfate, sodium cocoamphoacetate, citric acid, acrylates copolymer, arginine, coco-glucoside, hydrolyzed rice protein, PEG-80 glyceryl cocoate, glycol distearate, glycerin, polyquaternium-7, parfum (fragrance).
